RELEVANT PRACTICAL MINISTRY FOR MEN

Moving Forward in 2021

2020 caught everyone off guard and turned all of our world's upside down. Everyone made adjustments to continue throughout the year, but no one knew that it was coming or could plan their 2020 beforehand.

2021 is different, we know what the major changes are and so going forward we CAN plan for 2021. RPM is still a ministry that is called to equip the local church in the area of ministry to men. Covid, the political changes, the social issues, etc. have NOT moved us from our mission. How we accomplish it, well, that is a bit different. In some ways we are pressing forward with the old ways, like having live, in person conferences to equip men. However, we are executing them differently than we have in years previously. We have implemented cleaning protocols, adapted social distancing, and we are honoring the host churches requirements in these areas and adopting them as our own. We have had to be flexible and even though our original plan going into 2021 was to hold four conferences in February, March, and April, we have had to adapt and move two of the four to September to honor our host churches desires to continue to host them. We are grateful for each of the churches support and flexibility.

RPM is committed to its mission. As we are planning and preparing some old things in a new way, we are also trying some new things to serve the local churches and her men. In addition, we are also making some changes to help churches reach out and connect with us for what they need.

Please let us know how we can serve you and your church in 2021.

Tom Cheshire Executive Director RPM
